SUMMARY

Fresh graduate Bachelor of Informatics Engineering with hands-on experience in server administration, cloud computing, data science, UI/UX, and Linux operations. Proven ability to implement innovative IT solutions and work in collaborative teams. Highly motivated to contribute and grow in the IT industry.

EXPERIENCE

PT. Emsada Cipta Lestari / Staff of Server Administrator
Dec 2021 – Feb 2022 , BEKASI

- Configured, monitored, and optimized server performance to ensure high availability

- Developed & implemented server patching and maintenance processes that reduced system vulnerabilities

- Configured Network Attached Storage as a Data Center and hosted a web-based file manager application.

PROJECTS

- Implemented MapReduce program for Word Count computation on a Digital Ocean Ubuntu Linux distribution

- Image matching data science project for Shopee product images

- Designed UI/UX for the "Tune-Up My PC" application

- Conducted text mining across various reviews on a Google Play Store app

- Implemented Network Attached Storage with port forwarding and DDNS technology as an alternative storage

ORGANIZATIONS

- Deputy at Ministry of Social and Political Affairs, Trisakti University Student Presidency (Dec 2020 – Oct 2021)
- Head of the Department of Home Affairs, Association of Informatics Engineering Students (Jul 2020 – Jul 2021)
- Chairman of the Class of 2018, Association of Informatics Engineering Students (Dec 2019 – present)

EDUCATION

Trisakti University / Bachelor of Informatics Engineering
AUG 2018 – AUG 2024 (Graduated), JAKARTA

SKILLS

Technical Skills:
Cloud Computing Platforms, UI/UX, Data Science, Linux Operation, Text Mining, Network-Attached Storage (NAS)
Non-Technical Skills:
Adaptability, Team Player, Leadership Skills, Interpersonal Communication Skills, Analytical Skills

LANGUAGES

Bahasa Indonesia (fluent), English (advanced)
